PAINFUL DATA MANAGEMENT from 1980

Development object that is not supported with its own editor in ADT

Component	Typing Method	Component Type	Data Type	Length	Deci...	Short Description
LICENSE_PLATE	Typea	DEMO_CR_LICENSE_	CHAR	10		0 License Plate
CATEGORY	Typea	DEMO_CR_CATEGORY	CHAR	1		0 Car Category

digital infrastructure for environmental data processing

IT Framework. The environmental data toolbox.

The screenshot displays the IT Framework software interface. On the left, a sidebar contains navigation options: 'Cockpit', 'LCIs', and 'Daten'. The main workspace is titled 'Screwdriver Inventory' and features a hierarchical tree diagram. The root node is 'Screwdriver with T-handle', which has two sub-nodes, each with a quantity of '1'. The left sub-node is 'Component 1', which has two sub-nodes, each with a quantity of '1'. The right sub-node of 'Component 1' is 'Klicken oder tippen zum Suche'. The right sub-node of 'Screwdriver with T-handle' is 'Klicken oder tippen zum Suche'. Each node in the tree includes a search icon and a 'Klicken oder tippen zum Suche' label. The 'Bibliothek' sidebar on the right lists categories: 'Produkt' (containing 'Screwdriver with T-handle' and 'Component 1'), 'Prozess', 'Maschine', 'Energie', 'Werkstoff', 'Standort', and 'Fahrzeug'. The interface includes a search bar, a menu icon, a settings icon, and a help icon at the top right.

visual guidance

reusable data blocks

Business model

SaaS solution* with modular pricing

subscription starts at
1000€ / month

+ Add-Ons

*Webbased. Backend can serve as extension to existing enterprise software.

Go To Market

We execute with passion and determination

1

**Build 1 data set
together with customer**

2

**Sell & grow through
strong partner channel**

„We had several **„wow“ moments** during the project. Just to name some of them:

The **pure speed and congruency** in understanding and **transfer into implementation.**

...

I am excited to track their further development.“
