

Accommodations for international interns in Potsdam and surrounding areas

Have you received a confirmation for an internship and do you currently organize your stay in Potsdam or in the Potsdam region? Probably you are now searching for a furnished room or flat for the period of your internship- preferably near your internship company. For a stay in Potsdam lasting 2 weeks to 3 months there is a variety of accommodation options. In general, accommodation in the city centre is more expensive compared to options outside of the centre. This list shall support you in finding a room or a flat by offering you links and contacts.

1. Shared flats

Many interns, apprentices and students live in so-called „shared flats“- they share the bathroom and the kitchen of a flat but have their own sleeping room. This type of accommodation is very suitable for a short rental of a furnished room, as it is very common for tenants of a shared flat to sublet their room to other interns, apprentices or students while they themselves are absent. Most of the time you can find a room in a shared flat for a short-term stay in the non-lecture period of universities (mostly in March, April, August and September), but of course also during other months of the year. Housing websites offering rooms in shared flats or one-room flats are the following:

2. Private rooms and flats

You can also rent a room in a private flat or even whole private flats. Websites offering this type of accommodation are the following:
