INVR.SPACE – The Virtual Reality Full Service Studio

INVR.SPACE GmbH is one of the leading, award-winning Virtual Reality Full Service Studios in Europe, which produces VR experiences and 360° films using the latest technologies and interactive storytelling approaches. As a full service studio, INVR.SPACE has the necessary expertise and equipment to supervise VR projects from research to distribution.

Since its foundation in 2016 INVR.SPACE has been involved in more than 500 VR projects worldwide with international partners and customers such as BMW, Mercedes Benz, Harman, Samsung, Unicef, Arte and ZDF and has won several awards over the last years including three Lumiere Awards, the Autovision Award in silver, German Design Award and most recently, the XRMust Award.

The team consists of creatives, technologists and industry experts, who work together to develop innovative and interactive VR and AR experiences using state-of-the-art technology. For local and international projects INVR.SPACE can make use of its global network.

- *With its own XR platform META.SPACE VR, INVR.SPACE can transfer your festival, conference or event into a customized virtual venue*
- *INVR is a founding member of the XR Bavaria, the EDFVR and the VRBB, and its founder and CEO is a board member of both last-mentioned associations*
- *INVR received the award as best VR Full Service Studio in Germany twice in succession and as best rental of 2020 for its technical department*
