## eemagine GmbH - your partner for bespoke brain imaging solutions

*eemagine Medical Imaging Solutions GmbH is the healthcare technology provider behind leading medical companies and brands. eemagine offers high-quality hardware and software design and manufacturing services with a focus on implementing demanding projects.*

*eemagine technology has been used since 1999 in a wide range of applications in cognitive neuroscience, neurology, and psychiatry. Headquartered in Berlin, Germany, its strong network of distribution partners spans all major medical markets including Europe (ANT BV, ANT GmbH, ANT UK), North America (ANT North America) and Asia (ANT Asia).*

- *eemagine's technologies and products are available under the ANT Neuro brand*
- *eemagine is an ISO approved manufacturer of medical devices with deep regulatory experience across key global markets*
- *eemagine works closely with customers and partners to identify emerging needs and trends across the brain imaging industry*
