

REAKTOR:BERLIN

Six-month accelerator program for pre-seed startups

As a powerhouse of innovation with a passionate and experienced team, REAKTOR.BERLIN is a 6-month acceleration program for pre-seed startups based in Berlin. We'll supercharge your know-how and support you in taking the next step. Our mission is to make your market investor-ready.

Founders will benefit from the financial boost of up to €12,000, supported by an ecosystem of renowned entrepreneurs, Business Angels, VCs and experts. Expect a tailor-made training program with boot camps, peer-to-peer learning sessions and ongoing support from the REAKTOR.BERLIN team and top mentors. The program is funded by the Senate of Berlin and the EU.

We have a proven track record in finding investors and/or investing ourselves as Business Angels to make the startups future-ready.

— *REAKTOR:BERLIN empowers startup founders to turn their ideas into reality and make our future better*

— *We want to promote impact-driven teams and projects that bring solutions to the great challenges of our societies*

— *As a powerhouse of innovation with a passionate and experienced team, we enable founders to grow in the digital age*
