

Job fair for immigrants

Bad Kreuznach, Thursday May 15, 2025

Welcome to the contact fair!

Welcome to the job fair for immigrants with regional employers at the Parkhotel Kurhaus Bad Kreuznach! The Chamber of Industry and Commerce (IHK), the Jobcenter, the Chamber of Skilled Crafts (HWK), the city and district of Bad Kreuznach, the Chamber of Agriculture (LWK) and the Advisory Board for Migration and Integration welcome you and wish you every success.

What is the Chamber of Industry and Commerce (IHK)?

The IHK is an institution of the regional economy. It stands up for the interests of the regional economy vis-à-vis politics and administration and offers its members many different support services. One of the most important tasks is the coordination of education and training in many different professions.

What is it all about today?

At the fair, you will have the opportunity to meet regional employers who have a need for skilled workers. Employers come from a variety of industries, so they are looking for a variety of employees. Simply approach the colleagues at the stands and see if the need matches your qualifications. With the help of the completed person sheet (Personenbogen), you can quickly see whether your profile matches an open position.

You will find job advertisements on the pinboards. Each company has a number so that you can find the right employer more quickly.

Using the QR code, you can find all the companies taking part in this fair on our homepage under "Ausstellerliste".

In the supporting program, we offer you an initial check recognition today. If you have brought your documents with your professional qualifications, our recognition consultants can advise you in which professions you have entry opportunities. You will find the advice island (Beratungsinsel) in front of the stage in the hall.

Our "integration heroes" will share their experience with you and tell you about their professional success stories in Germany.

Organizational

You will find language stickers on the tables at the entrance. Please select the languages in which you can communicate. The exhibitors also have such stickers. If you cannot find a common language with a conversation partner, our interpreters will help you. They are located at the Info-Point at the entrance to the fair.

Information presentations in the "Sympathiesalon"

We offer information presentations. These will take place in the "Sympathiesalon". Follow the signs with the name "Vorträge Sympathiesalon".
