

Letter of Intent

to support the project "TalentsBridge | Cooperation for Professionals Germany-Namibia"

Institution: _____

Address: _____

The "TalentsBridge" project is a pioneering initiative aimed at reducing high youth unemployment in Namibia while addressing the growing shortage of skilled workers in Berlin and across Germany. We value the opportunity to be part of this transformative project, which contributes not only to the economic development of both locations but also to the promotion of education, innovation, and international cooperation. In this context, we would like to support the project in one or more of the following ways:

(please check, multiple selections possible)

- ☐ **Recruitment of trained professionals:** We are considering the possibility of hiring graduates of the program into our company.
- ☐ **Providing of internship positions:** We are considering the possibility of providing practical training for trainees during their education in our company.
- ☐ **Providing of trainers:** We are considering the possibility of making our experts available to support the training either remotely or on-site.
- ☐ **Establishment on campus:** We are interested in establishing an operation or branch directly on the training campus to create a closer connection to the training activities and to explore the opportunities of the growing Sub-Saharan market. We request further information for this purpose.
- ☐ **Supporting membership in talentsbridge e.V.:** We would like to become part of the network and actively contribute as a member or donor to sustainably promoting young talent and building bridges between education and the world of work.

This declaration is to be understood as a non-binding expression of interest and does not constitute any legal or financial obligations.

We permit the association talentsbridge e.V. and its cooperation partners, e.g. like Berlin Chamber of Commerce and Industry (IHK Berlin), to use our company logo for communication purposes related to the project to enhance its reach and visibility.
