

ROOTCAMP A SPINLAB
COMPANY

Building Europe's AgTech & Bioeconomy Startups

September 2026

Bridge the innovation gaps - How RootCamp gives corporates access to validated innovation.

FOR STARTUPS

INCUBATION, ACCELERATION & SCALING

We help AgTech, Bioeconomy, and Circular Economy startups at every stage speed up their path to market.

- Access to top-level mentoring
- Direct connections to corporates & investors
- Tailored curriculum for early-stage, fuel for late-stage

FOR CORPORATES

INNOVATION & VENTURE CLIENTING

We boost corporate innovation strategies through startup collaboration.

- Startup scouting & matching
- Launching bilateral pilot projects
- Enabling venture clienting opportunities

FOR THE ECOSYSTEM

ECOSYSTEM DEVELOPMENT

We don't just connect stakeholders in our ecosystem- we shape the future of agrifood and bioeconomy

- Thematic ThinkTank – create & optimize value chains with real impact
- Thought Leadership – drive bioeconomy transformation
- Connected Hub – insights & access through all important networks

across global innovation ecosystems.

Global reach.
Local impact.

Diverse innovators.
Shared purpose.

Building the future
together.

EXEMPLARY ACTIVITIES

PROGRAMS

NETWORKING EVENTS

Nunatak Biotech

WHAT IS NUNATAK BIOTECH ?

Microbial solutions for climate-resilient agriculture, using extremophile strains to protect crop yields under abiotic stress — designed to integrate with existing ag-inputs.

Looking for: European ag-input partners, cereal pilot farms, regulatory & distribution partners, and investors

Strong fit with our partner.

WHAT IS SYLVARUM ?

Chemical-free seed treatment using non-thermal plasma, improving germination and enabling the recovery of substandard seed lots without GMOs or changes to existing processing infrastructure.

Looking for: connections to seed processors and agri-input or malting corporations across Europe to try the technology and accelerate our regional expansion.

Potential fit with our partner.

ROOTCAMP VALUE ADDED

Individualized and Continuous Innovation Support

Strong regional and international network

Award-winning programs for startups

Proven structured process to select best startups & set-up successful projects
